Spirit of Rotary Could Have Spared World From Recent Horror, Says Reese

Many out-of-town visitors were present Monday when new Campbell Rotary Club officers, headed by Forrest A. Reese, president, assumed their new duties. Mr. Reese addressed the gathering on the aims of Rotary, and excerpts from his talk follow:

"Had those who guided the destinies of aspiring nations in the fateful 1930's been imbued with the true spirit of Rotary, there would not now be smeared upon the pages of history the horrible record of aggression and grief, conflict and butchery," the new president told fellow Rotarians.

FELLOWSHIP

"Had the fellowship of Rotary been enthroned in the council chambers of the governments during this period, the world would not be shuddering as it beholds the picture of white crosses, row on row, maimed and shattered manhood of sorrowing widows, untold economic loss and worldwide chaos, misfortune and mistrust. Rotary believes that a man shall have but one flag—that of the land in which he lives and makes his home—that he must respect that flag and the institutions and the laws that it stands for—or get out.

"Rotary believes that a man should think of his country as the greatest country in the world, and that his home town is the best in that country, and that it is his fault if they are not. Rotary believes that each member should give freely of his time, his money and of himself to the up-building of his community."

Other new officers are William Maderis, vice-president; Homer H. Hyde, secretary; Cel Gerevas, treasurer; Edward Hubert, Norman Stoner and Joaquin Payne, directors.

GUESTS

Guests at the session were Thomas H. Heeds, C. J. Anderson, Edgar Johnson, Herbert H. Hood, Jerry Gerard, L. C. Edmunds and H. J. Downs, all of San Jose; Steve Dorsa, D. A. McQueen, C. C. Recreation Hall and Parsonage To Be Built For Church of Christ

Construction is expected to begin next week on a \$20,000 combination parsonage and recreation hall plus a parking lot for the Campbell Church of Christ. The one-story, 3000 square foot frame and stucco building will be erected on one of two large adjoining lots which the church owns on Latimer Avenue at Esther Avenue. The three-bedroom parsonage and hall will have a stucco exterior. Total property frontage on Latimer Avenue is 125 feet for the two lots.

Later plans for the church building project provide for construction of an auditorium and classroom building, expected to cost between \$25,000 and \$30,000.

TO FINISH THIS FALL

Contractors for the current project are Floyd Little and Ray Kirk. Construction will cover approximately 90 days. Size of the recreation hall and kitchen section of the building will be about 30 x 40 feet. This area will be used for church parties and mid-week group meetings. The parsonage will comprise about 1100 of the total 3000 square feet, which will also include a garage. The plans were prepared by Bob Ferguson, Campbell draftsman.

Ten more donations, totalling \$201, have boosted the donations column of the softball field lighting fund from \$549 to \$750, the Business and Professional Women's Club has announced.

The latest contributors to the fund are Campbell Rotary, \$20; Mrs. R. Bishop, \$25; Jones Service Station, \$25; J&A Food Mart, \$10; Kopper Kettle, \$75; Mr. and Mrs. C. F. Livingston, \$25.00; Diane Beauty Shop, \$5; Dan Rose, \$25; Mrs. Free, \$3.50, and American Legion, \$10.

Merchant Patrol Application Period Extended By One Week To July 22

Filing period for merchant patrol applications has been extended by one week, Attorney Richard Morton of the Campbell Chamber of Commerce police committee, announced this week. "The committee feels that by extending the period we will be able to have a better selection and do more for the merchants," said Morton.

Check Restrictions On Gift Parcels At Post Office

Although post offices in the Santa Clara valley, comparable in size to the Campbell office, receive and dispatch only two mails daily, Campbell is fortunate in having four incoming and four outgoing mails daily, including Saturdays, Campbell Postmaster Ira Grim said this week in discussing functions of his branch office.

Mail is received from trains at the San Jose depot at 5:55, 8:35, 11:55 a.m. and 4:40 p.m. Mails are dispatched to trains at 6:00 and 8:45 a.m. and at 1:00 and 4:50 p.m.

Since there is no train service through Campbell, no mail is received or dispatched on Sundays and holidays.

All outgoing mails should be in the local office 30 minutes before dispatching time. The post office lobby is open for the convenience of the public from 6 a.m. until 9 p.m.

GIFT PARCELS

Airmail parcel post is becoming a popular service for the patrons, continued Grim. Rates are as follows: Second zone—55c for the first pound and .04c for each additional pound. There is a gradual scale to the Eighth zone where rates are 80c for the first pound and 65c for each additional pound.

A large number of gift parcels are currently being mailed to Europe. The rate is .06c per pound. Postmaster Grim advised that there are certain restrictions on contents of these gift parcels and advised those intending to send such packages to check the requirements at the post office first.

Some of the restricted items are cigarettes and tobaccos, send none of these; meats, only three pounds of any kind of meat. Phone the Campbell Post Office, 2153 before preparing gift parcels. "So many parcels have to be refused because of the restrictions."

Zone Decision On Cambrian Tract Is Postponed

The question of whether Schaeffer Lands, Inc., will be given the green light in its plans to erect a \$375,000 super market and drive-in theater was still up in the air after a hearing on the Cambrian District matter was conducted on Monday by the County Board of Supervisors.

Decision on the question of zoning the 20-acre tract at S. Union and Cambrian Avenues was postponed one week on motion of Supervisor Earl C. Campbell. The supervisors will visit the site and study conditions of the neighborhood, before rendering their decision next Monday.

Originally, Schaeffer Lands application for zoning of the tract was approved by the County Planning Commission. The supervisors called the hearing on request of residents in the area who opposed the move. Principal opponent is Floyd Magee, subdivider of a large tract west of the Schaeffer property.

At the hearing Monday, Magee's attorney, Marshall S. Hall, asked the board to override the planner's recommendation, asserting that the Schaeffer development would prove injurious to values and future of Magee's tract. He continued that the Schaeffer land is virtually undeveloped and that there has been no showing of convenience and necessity for the super market.

No proof of convenience and necessity is required, countered Paul Schaeffer, president of the Schaeffer corporation. He and his attorney, Vernon E. Perren, contended that the market is intended to serve a large area on the outskirts of San Jose, and there is no need to show local necessity.

Howard A. Pounds of 29 Sunny-side avenue left Tuesday for Alaska where he will be employed for the next five months. His wife and family will remain in Campbell.

To date, the committee has received eight written applications, a good part of them from veterans and men with military training. Many other inquiries have been received by applicants residing in Campbell and elsewhere in the county.

Morton expressed satisfaction with the results of the committee's request for patrol applications, stating that the majority received have been from men qualified for the work required. In addition, there have been inquiries from others interested in the job.

MUST BE WRITTEN

No oral applications will be accepted, he emphasized, only those which are written and sent to the Merchant Patrol Committee, Campbell Chamber of Commerce, care of Attorney Richard Morton, 273 E. Campbell Avenue, will be considered by the committee. All applications must be received on or before July 22.

Applicants must be qualified under the California State Detective License Act, or show that they will be qualified under the act prior to September 1, 1949. They are requested to include the following in the application: name of applicant, his business name, home and business address, precisely who is interested in the particular service, length of time he has resided in Campbell, detailed account of experience in the field of merchant patrol work, names and addresses of last five employers including present employer, education background, equipment and facilities to be offered by and included in his service, license number or date filed for such license under the California State Detective License Act.

Iced-Fresh Fruit And Farm Produce At New Market

A new business enterprise for Campbell, Carlentini's Fruit and Vegetable Market, is staging its grand opening Saturday at 25 S. Winchester Road. Sam Carlentini Sr., and Sam Carlentini Jr., are the proprietors of the concern which has as its principal feature fresh fruit and vegetables kept crisp and tender in a walk-in ice chest.

Carlentini's opened for business July 2, and has already attracted a steady patronage of customers who appreciate the owners' policy of putting out fresh produce daily. Nothing is left standing, and all foods are kept fresh the ice way. Besides the fruit and vegetables, the market carries fresh ranch eggs from the hatcheries and delicious honey. Their low prices, passed on to the customer, are made possible through purchase directly from the farm and wholesale markets.

R. S. Bryant was the contractor for the frame and stucco building which has a 55 foot frontage on Winchester. Plenty of parking space is provided at the front and rear of the store.

Sam Carlentini Jr., a former printer, resides in the Cambrian district. His father, formerly employed at Moffett Field Naval Air Station, has a home behind the market.

Charges Filed By Rex Kaber Against Postmaster Grim

Two complaints were filed on June 30 with D. L. Lambert, Post Office Inspector in charge of the San Francisco Division, by Rex A. Kaber, a patron of the Campbell Post Office, against Ira Grim, postmaster at Campbell.

Kaber charged Grim with "actions and language directed at a patron and unbecoming to an employee of the Post Office Department." Charges also include "defrauding an unknown number of persons of an unknown amount of money by refusing to deliver special delivery mail and special delivery parcel post on mounted city routes other than by regular carrier over a distance of one mile from the postoffice in violation of paragraph 1087 page 478, PL&E, for a period of over two years."

"In a statement filed in Washington, D.C., this past week by Post Office inspectors," Kaber added, "it is reported that special delivery service on mounted city routes in Campbell was practically non-existent prior to the complaints."

Copies of the complaints were also filed with the First Assistant Postmaster General, Senators Knowland and Downey and Congressman Anderson said Kaber.

Postal authorities have visited Campbell several times during the past week to check on details of the complaints and to conduct investigation of the matter.

Rifle Wound Takes Life Of Vincent Malvini Jr.

He was taken to the San Jose Emergency Aid Station where he was pronounced dead on arrival. There were no suicide notes and the parents were unable to explain the reason for the action, other than the eye injury.

Orchard City Grange met in IOOF Hall in Campbell Tuesday evening July 12.

Grange master Martin S. Walsh and his wife had just returned from an extended trip. They traveled over the eastern states, Canada, southern states and Cuba, covering 39 states and 12,642 miles. Santa Cruz Pair Married Here In Garden Ceremony

The lovely garden at the home of Mr. and Mrs. Les Orford, 980 Allendale Avenue, was the setting for the wedding at 6 p.m. Monday, which united Lois Edell and Pat Shaney, both of Santa Cruz. The Rev. Lawrence Osborne of the Campbell Methodist Church performed the ceremony beneath a bridal bower in the patio.

For her wedding gown, the bride chose green nylon. Her waist-length veil was held by a crown of summer flowers. Mrs. Larry Keck of Campbell was the matron of honor, and wore yellow nylon with accents of white lace. Mr. Larry Keck was the best man.

Following a honeymoon in San Francisco, the couple will make their home in Santa Cruz where Mr. Shaney is on the staff of the Santa Cruz County Hospital. Mrs. Shaney is a graduate of San Jose schools.

Feud Has No Basis

THE 48-HOUR mystery over J. Edgar Hoover's resigning as head of the FBI got stirred up from two separate sources.

One was President Truman, who got highly indignant at the smearing of a lot of innocent bystanders when the FBI reports in the Judith Coplon case were published. Truman felt that unchecked rumors should not have been allowed to get into the FBI files, and for a while he was all for firing the efficient FBI chief.

The other source was J. Edgar Hoover's public relations man, Lou Nichols, a smart and likable Greek-American, formerly Nicholopoulos, who, in his zeal to protect his boss, sometimes outsmarts himself.

It was Nichols who set in motion the rumor that Hoover was about to resign—as a backfire against Truman's intimation that it might be a good thing to have Hoover resign.

Nichols was busy as a bird dog dropping hints to newsmen about friction between Hoover and his chief, Attorney General Tom Clark, and one editorial in a local Washington newspaper followed Nichols' conversation almost verbatim.

Nichols is the same alert busy-body who shuttled back and forth between the FBI and Capitol Hill last summer when it was a good bet the Republicans were going to win in November. He seemed almost as much at home in the office of Congressman Parnell Thomas, chairman of the un-American activities committee, as the congressman himself. (Thomas is now under indictment in a kickback scandal.)

Nichols also was chummy with G.O.P. Senator Ferguson of Michigan, a bitter foe of the justice department. In fact, Lou was credited with slipping Ferguson the Elizabeth Bentley spy data, and was so active that some Capitol observers were unkind enough to say Lou was playing his cards to become chief of the FBI once the Republicans took office—though this observer has never detected anything but strict devotion to his chief.

Clark and Hoover

Contrary to reports of trouble between Hoover and Attorney General Clark, Hoover never sent a letter threatening resignation, and here is what actually happened between the two men:

Clark telephoned Hoover after Dr. Edward U. Condon of the bureau of standards had asked for an FBI apology. Jokingly, Clark called Hoover "Dr. Condon."

Hoover then asked how many confidential agents he had lost as a result of making public the FBI reports in the Condon case. Hoover said he had lost about 12, and that the one that was most important was inside the Russian embassy.

The attorney general said he had been talking to Acting Secretary of State Webb, who said he was sure the Russians knew they were being watched.

Clark went on to say that he simply could not drop the Coplon case rather than produce the FBI reports because, if he did, every espionage agent in the United States would figure he had immunity.

Hoover then asked if the justice department couldn't take "a contempt" as in the Touhy case in Chicago. There, gangster Roger Touhy had demanded that certain FBI reports be produced in court, and the justice department had refused, even though Judge John Barnes threatened to hold the local U. S. attorney in contempt.

Clark replied that the Touhy case was different from the Coplon case in that Touhy was making an appeal and the burden of proof was on him. Therefore, all the justice department risked in taking "a contempt" was a \$100 fine. In the Coplon case, on the other hand, Clark continued, the justice department was the prosecutor, and if it was held in contempt the judge would not merely assess a \$100 fine, he would dismiss the case.

Hoover said he guessed the attorney general was right. He added that publication of the FBI papers in court was now water over the dam, but he would be dead opposed to producing the "top secret" document.

Clark Agrees

Clark said he heartily agreed, and that if the judge ruled this report had to be published, then he would appeal to a higher court and if overruled there, then he would move to dismiss the case. (Since then, Judge Reeves has ruled that this top-secret document was not to be produced.)

The conversation was completely cordial throughout, as have been relations between Hoover and Clark ever since Clark became attorney general.

OUR DEMOCRACY—by Mat

FRUITS OF THEIR OWN LABOR

"If we can prevent the government from wasting the labors of the people under the pretense of caring for them, they will be happy."

—THOMAS JEFFERSON.

THE WISDOM OF THAT PHILOSOPHY, TO WHICH WE IN AMERICA HAVE ADHERED, IS EVIDENT IN THE HISTORY OF THE WORLD OVER THE LAST 150 YEARS.

THE EXPERIENCE IN THOSE COUNTRIES WHERE THE GOVERNMENT HAS ENDEAVORED TO DO FOR THE PEOPLE WHAT THEY COULD BETTER DO FOR THEMSELVES, IS IN SHARP CONTRAST WITH THE EXPERIENCE IN AMERICA AND THE OTHER DEMOCRACIES.

WITH FULL FREEDOM OF CHOICE AND ACCEPTANCE OF INDIVIDUAL RESPONSIBILITY, WE IN AMERICA HAVE BEEN ABLE TO ATTAIN THE HIGHEST STANDARD OF LIVING AND FAMILY SECURITY IN THE WORLD, FAR HIGHER THAN ANY COUNTRY HAS BEEN ABLE TO ESTABLISH FOR ITS PEOPLE THROUGH STATE PROVISION.

More Speedway Thrills Tonight

Those loveable tramps of auto racing, the Hot Rods, take sole possession of the spotlight at the San Jose Speedway this weekend with a blistering program planned for Friday night. Time trials are at 7 p.m. with races at 8:15.

With no midget races scheduled for this week, the Speedway management has focused its entire attention on the roadster program. In addition to the regular hot rod races, a Destruction Derby is to be added to the list of events. Probable entrants in this Machine Mayhem will include Jumpin' Joe Valente, Bob Veith, Ed Elisian, Sam Hawks, and Gene Tessien.

For the third straight week, the man to watch will be Ed Huntington. With the aid of the revolutionary torsion spring suspension on his car, Ed has won five out of the last six main events in which he has appeared. He has won the main at San Jose now for two weeks in a row.

A further attraction at the Speedway Friday night will be a live orchestra—first of its kind in the track's history.

SERVICE GUILD

Children's Service Guild will meet Monday, July 18, at 2 p.m. in the Nurses Hall on the hospital

grounds. The public is invited. The executive board will meet at 1 p.m.

Beauty by Chrysler

The Beautiful Chrysler | Silver Anniversary Model

Beauty In Appearance! Every clean, lovely line has purpose and meaning. Beauty that is useful is the Chrysler idea. A striking line of chrome along the fenders may please your eye, but it's there to act as a rub rail. Behind each detail of Chrysler design there's a story of common sense and imagination in engineering.

Beauty In Comfort! A chair at home is beautiful if fine design gives it grace and comfort. Chrysler chair-height seats have this kind of beauty, too. Perfectly proportioned for comfort, they seat you at the proper height to see the road and to enjoy your drive. Comfort that has beauty through fine design—that's the secret of Chrysler engineering and the relaxing pleasure of driving a Chrysler.

Beauty In Performance! You know what we mean the moment you feel the smooth response of the great Spitfire High Compression engine. With Prestomatic Fluid Drive Transmission, driving is wonderfully easy. Start in third, a slight lift of your toe takes you into cruising range. You rarely touch the gear shift lever. A few minutes in this car gives you pleasure it would take a book to describe. Phone for a demonstration today.

High School Recreation Program Has Variety of Activities For Students

Activities are in full swing at Campbell Union High School where the annual summer recreation program is underway. With an average attendance of 100, and growing nightly, the schedule of events offers an interesting and wide variety of play and fun. Miss Muriel Carson supervises the program.

Basketball for boys is held Tuesday and Thursday nights from 6:30 to 10:30 in the gymnasium, with Coach Bill Perry in charge. Swimming classes are also conducted Tuesday nights, with those in the group going to the Woodrow Wilson pool. Transportation is by school bus.

Friday night, from 7:30 to 10:30, there is a movie serial, social dancing, games and other recreation. Monday night is general recreation time at the school.

Membership in this club is open to all those registered to attend Campbell High School, including those who have just graduated from grammar school and who have registered for the fall semester.

The program is strictly chaperoned by adults from St. Lucy's Guild, the Campbell High School Parent-Teacher Association and other interested parents. Although the students are supervised by Miss Carson, they plan and conduct their own program, plus other activities such as skating parties, barbecues and special events. They even operate their own soda fountain.

Summer program officers are Bob Beth, president; Hugh Bonds, vice-president; Orme Schockley, secretary; and Mardel Sanders, treasurer. Those on the student advisory council are Harold Layman, Edith Pankoski, Lois Blair, Linda Gilbert, Pat Taylor, Bill Cockey, Rosemarie Magnasco, Joan Velander and Jean Richardson.

If sufficient interest is shown, there will be a folk dancing night in addition to the other activities. A number of students have already requested the folk dancing. Also planned are younger boys' softball and basketball teams. If there were enough chaperones and play directors, the students would be able to add a number of other regular events to the program, Miss Carson said.

Many generous donations of money, phonograph records and other welcome supplies have been made to the school for the recreation program by members of the community, Miss Carson added, and the cash donations were sufficient to purchase ping pong tables that are in constant use.

Hugh Nelson has been appointed temporarily to the position of custodian of the Campbell IOOF Hall. The IOOF Lodge board of trustees made the appointment at their regular meeting this month.

Rummage Sale Considered To Build Light Fund

Campbell Business and Professional Women gathered at the home of Mr. Mary Scorsur on New Jersey Avenue for a picnic dinner and dessert meeting.

During the business discussion, Mrs. Mary Grey reported on results of the softball field lighting fund. The group heard a summary on proceeds of the Rose Resnick concert held in the Campbell High School auditorium last month, and decided to send her a check in the amount of \$300 for the blind children's camp. This amount will cover the cost of sending 10 blind children to the camp for one week, or five children for two weeks.

Mrs. Helen Smith of the Los Gatos club spoke on membership gains in the organization, and the Campbell group agreed to sponsor a new unit which is being organized in Saratoga; 20 Saratoga business and professional women have indicated their interest in forming such a group in their community.

Returning to the subject of the softball lighting fund, the members made plans to hold a rummage sale in the near future if donations do not raise the balance of the \$3000 needed to install the lighting equipment on the Campbell Grammar School softball diamond.

The next meeting will be held at Mrs. Scorsur's home on Wednesday, July 27, at 6:30 p.m. New members will be taken in at that time.

John P. Duncan Named Principal At Moorpark

A native of the Santa Clara valley, Mr. Duncan is married and has two sons. He has spent most of his life in this area.

Mr. Mabie has resigned to accept the position of principal and superintendent of the Riverbank Elementary School District near Oakdale.

Mathilde Robba Asks Accounting Of Ferranti's Profits

An accounting of the business done at Ferranti's restaurant near Los Gatos was asked by Mrs. Mathilde Robba of Campbell, in order that she may settle the estate of her mother. The demand that restaurant operator Frank Ferranti be compelled to show accounting of profits since 1935 was asked in Superior Court.

Mrs. Robba's mother, Mrs. Pia Pellegrino, inherited a half-interest in the business in 1938. She died on March 26, 1948, and her will names Mrs. Robba her principal beneficiary.

Partnership assets, as estimated by Mrs. Robba, are worth about \$100,000, but she claims Ferranti refuses to show an accounting of the profits. Her attorneys are the law firm of Kirby and Pasquini.

Contractor Given Probation For Report Failure

Campbell contractor Roy Bryant was placed on two years probation by Justice of the Peace Grandin H. Miller Wednesday, after Bryant admitted failure to file full reports of collections for the State Unemployment Fund.

Thomas Clark, auditor in charge of the San Jose office, State Department of Employment, said his office has found a discrepancy between reports of funds deducted from pay checks of Bryant's employees and the amount of money turned over to the unemployment fund when an employee filed an unemployment claim and fund records showing no earnings for the period he worked for Bryant.

According to the report, the contractor had paid the state a portion of the collected funds which had not been reported.

2. When you place your call, you can save time all around if you give the information to your long distance operator this way: First, the name of town you're calling...then, the number if you know it, or the address. (Good idea to keep a list of the out-of-town numbers you call most frequently.) Next, if it's a person call, give the name of the one you want to talk with. The operator will then ask your name and number.

4. Wise use of the telephone—either local or long distance—helps you get the greatest value from it. And service is constantly growing more valuable. A local call is still just a few pennies. And you can make a daytime station call from coast to coast for only \$2.50, plus tax.

1. Even before you call, you can start getting the most for your money. It's a good idea to make a list of the things you want to talk about. A few handy notes can help make sure you won't think of something you really wanted to say—after you hang up. Experienced long distance users keep paper and pencil at the telephone and make notes while they're talking, too.

3. When you complete your call, be sure to hang up promptly—and properly. If you remember to use these pointers every time you call long distance, you'll be certain of getting the most from your call for the least money. With really efficient use of the telephone, you can pack as many words into a three-minute conversation as you can in a letter—and you'll get an answer to your questions right away.

Your telephone is one of today's biggest bargains.

Centennial Budget Facts Offered

In order that Californians may have the facts, this newspaper offers herewith certain information on behalf of the California Centennials Commission concerning the action of the Assembly in deleting from the budget the unused balance of the Commission's appropriation.

The act of 1947 provided for the participation by the State of California for the three centennial years of 1948, 1949 and 1950. It outlined certain of the celebrations for which the Commission should have responsibility, naming Coloma, the Gold Rush Days of '49, the centenary of the drafting of the state constitution at Monterey, and the hundredth anniversary of the admission of California to statehood.

For California to suddenly quit all activities, cancel all partially completed contracts, discontinue the films, call in the historical caravan, cease publication of the bulletin, call off the Gold Rush celebration at Columbia and the constitutional festivities at Monterey, those scheduled for Southern

California and finally, the commemoration of California's admission to statehood, would be an unusual experience for Californians. It would be violative of all traditions and of pledges made in good faith to the various counties of California by those officially acting for the State.

THREE-YEAR PROGRAM

A commission which was appointed took the attitude that the appropriation should cover all the three years' activities with no additional funds. With this general program outlined various counties were so informed and set different dates. The Gold Rush celebration was to be held at Columbia in the heart of the mining region, July 15, 16 and 17 of this year. The centenary of the drafting and signing of the state constitution was set for Monterey, from August 29 to September 5. A representative local committee has been at work for over a year and funds were allocated by Commission vote.

Assembly and Senate Committees this year recommended a re-appropriation of the unused funds. There is no doubt that the Commission had legal authority to use a large portion of the money in the first year but, of course, had in mind the three-year period.

Many other activities were being carried out by the Commission under the provisions of the original act which stands to be cut short by this unexpected move.

The many friends of Mr. and Mrs. Ray Fish of the What Not Shop were sorry to learn that their vacation trip to Mexico was cut short when Mr. Fish became ill at Ensenada, Mexico. Mr. Fish is now at home under a doctor's care. He is suffering from nervous exhaustion, probably brought on by the trip.

FAMOUS LAST WORDS !

By Clem Whitaker, Jr.
Coincidence? Accident? Design?
Whatever the reason, when po-
liticians hit the campaign trail for
next year's congressional elections,
it is claimed that those who march
under the Administration banner
will have a neat, if intangible ad-
vantage in that checks will be sent

out from Washington during elec-
tion season as dividends on na-
tional service life insurance po-
licies.

Originally the checks to ex-
GI's who carried government in-
surance were scheduled to be
distributed this year. But it was
explained that the bookkeeping
necessary to take care of ap-
proximately 16,000,000 eligible
veterans made it impossible to
carry out the program before
1950.

Veterans Administrator Carl R.
Gray, Jr., has announced that the
special dividend will amount to
some \$2,800,000,000. Checks, it is

planned, will be in the mail "some-
time in January, 1950." This will
average around \$175 for each ex-
serviceman but those who have
maintained payments over the
maximum period may receive as
much as \$500 each.

Aside from politics, some eco-
nomists claim the huge vet
dividend will serve as a much
needed tonic to step up pur-
chasing power throughout the
Nation—and thus act as a de-
terrent to sluggish or declining
business in the event of reces-
sion at that time.

To the contrary, other econo-
mists (while careful to indicate
that the dividend should be paid
as it will have been earned in the
same manner as business divi-
dends) are of the opinion that the
payment will have little effect on
the state of America's economy.

By far the most interesting as-
pect of the entire situation, how-
ever, is the political implication.

GOPsters with a yen to cap-
ture control of the Nation's leg-
islative branch are frequently
heard to remark that payment
of veterans dividends in 1950 is
all a deep-dyed Democratic plot.
The followers of Lincoln are of
the opinion that the checks will
serve the purpose of political
plums and will be accepted as
such.

If Democrats share the above
opinion, they aren't talking about
it—at least not so anyone can
hear it.

In the final analysis, it's a safe
bet that payment of national ser-
vice insurance dividends will be
regarded by individual veterans as
windfalls to be applied against
homes, refrigerators, cars or lost
weekends. Whether or not the tim-
ing of the payments has been cal-
culated to give campaign ammu-
nition, it is doubtful that the checks
will serve the purpose on a large
scale—that is a candidate hadn't
better bank on campaigning on
the issue.

When American close the cur-
tain in the ballot booth, it gen-
erally takes more than a divi-
dend from the government or
business, to influence them to
put an "X" in one spot rather
than another.

his son and family, 188 Brookside

Morris Plan Co. To Open Office

Morris Plan Company of Cal-
ifornia, well-known thrift and loan
institution, will open a San Jose
office early this fall, it was an-

nounced today by Ralph N. Lar-
son, president.

The company has taken a long-
term lease on quarters at 20 North
First Street, San Jose, adjoining
Roos Bros., and plans for mod-
ernizing the premises are now be-
ing completed by the architectural
firm of Wurster, Bernardi and
Emmons.

The new office, which is ex-
pected to be ready for occupancy
about mid-September, will be man-
aged by Robert G. Collman, now
an officer in the company's San
Francisco headquarters. The new
San Jose office will be the sixth
Morris Plan office operated by the
33-year-old California company,

Successful Parenthood

BY **MRS. CATHERINE CONRAD EDWARDS**
Associate Editor, Parents' Magazine

WITH SUMMER COMING, try to make a family project that the children will remember all their lives. Haven't you happy memories of special summers when the family did something exciting together? It doesn't have to be play—a new form of work or a new skill acquired can be just as memorable. One vacation stands out in my mind as the summer in which I learned to cook. I was 14 at the time and, to make the project my own, Mother turned over to me all the meal planning and buying of food. I spent hours budgeting the food money, which was such a fascinating occupation to a young person who had never handled more than a dollar at a time, that learning to cook the food I bought didn't seem drudgery, though it was a far less congenial task.

Of course, nowadays many children go to camp, but there are still a few weeks in which the family can get together on a summer project—building an outdoor oven or a tree house, going on a short camping trip in the car, entertaining grandparents or distant cousins.

Another summer I remember was one in which my mother invited the daughters of three of her old school friends to what we grandly called a "house party" to make it seem grownup. These girls lived in scattered cities and we might never have met, but these few weeks together made us lifelong friends, just as our mothers had been.

Summertime is the best of all seasons for starting outdoor hobbies.

Many of us remember our victory gardens not so much for the toll-somely-acquired vegetables, but for the neighborhood visiting and the friendly competition over whose tomatoes were biggest and whose corn the tallest.

Don't judge a child's interest in gardening by his willingness to hoe your beans. You'll never know what youngsters can do with growing things until you give each child a little ground of his own and let him plant what he wants to, within reason (no banana trees!). But if the children don't take to gardening, they may work like beavers at making a fish pool or a bird bath.

The long vacation is the time, too, for developing a child's talents—at least giving him a chance to try them out. If he is musical, lessons stepped up to two a week will enable him to get a sense of real progress.

Or, to return to personal examples (since we are able to judge the worth of childhood experiments in adult life), there was one summer when Mother arranged for me to have a story-telling hour in the park. This was a branch of the library service and volunteers were welcome. Though story-telling didn't become my profession, this experience had much to do with shaping my education and later choice of work.

Yes, summer presents parents with unusual opportunities, not only for having fun with their children, but for coming closer to them and guiding their development.

I REMEMBER...

By THE OLD-TIMERS

From George J. Baier of Chicago: "I remember when we boys carried sticks with sharp points that would wedge into a board sidewalk and play the game of seeing whose top we could split first. If you split the other fellow's top by dropping yours on his, he had a chance to try to split yours."

From Nell Callaghan of Miami, Fla.: "I remember 'way back when we didn't have flappers we didn't have blues. And the women wore dresses 'way down to their shoes. And the men all wore derbies and a high-standin' collar. And you could rent a good room by the week for only a dollar."

"Once every year you went to a ball. The firemen's or policemen's, in the old village hall. The waltz and the quadrille, and the old square dance. Were the dances they danced when I was in knee-pants."

From Gus Larson of Chicago: "I remember when we danced the Black Bottom, the Charleston, Ballin' the Jack, the Bunny Hug and Lindy Hop. That was in the days before the Big Apple and the Lambeth Walk."

From Mrs. Lydia Waginlander of Dayton, Ky.: "I remember when my father, W. Willison, sold coal at \$3.50 a ton. Loads were delivered in wagons drawn by two horses. The teamster made \$10 a week and had six in his family."

PROGRESS BEING MADE IN BUDGET STUDY

Mortimer French, chairman of the Farm Bureau's Tax and Legislative committee reported that

progress is being made in the study of budget requests for the county government. He told of cuts ordered by the Board of Supervisors in the requests of various department heads, and urged

Louella Rice Will Play Organ Solo At Church

Miss Louella Rice, daughter of Mr. and Mrs. Herman Y. Rice, will be the featured soloist at the Campbell Methodist Church service next Sunday morning at 11 o'clock. She will play a pipe organ solo in the worship service.

The sermon will be given by the pastor, Laurence J. Osborne, on the subject, "The Direction Is Forward." A nursery will be conducted during the service for little children.

NEW MARVEL'S JUVENILE SHOP HOLDS OPENING

Another new shop has opened its doors this week, joining the rapidly growing Campbell business district. The latest addition is Marvel's Juvenile Shop in Virginia City, operated by Mrs. Marvel Neynes, formerly of Salinas. Mr. John Neynes, her husband, is with the Monterey County Health Department.

Marvel's occupies the former location of Helen's Juvenile Shop which moved to a larger building on Campbell Avenue recently.

Marvel's will carry a complete line of clothing for infants and children, including school attire and play clothes. Among the items available to the new store's customers will be layettes, baby blankets, baby bunnings, jeans, dresses, coats, jackets, underclothing, shirts, jockey shorts, socks, sweaters and sweater sets, swim suits, sun suits, pajamas, belts and toys for the very young.

Excess or Waste Fruit Needed By Church Youth

Young Pilgrim Fellowship members of the Campbell Congregational Church are making an appeal for some of the tons of fruit which go to waste each year in the Santa Clara Valley.

The Pilgrim Fellowship Camp at Cazadero, attended by member in the Westbay area, uses over 600 gallons of fruit each summer, at a cost of at least one dollar per gallon. The non-profit camp is operated for the church youth.

If the group is given the opportunity to pick its own fruit and can it the camping and registration fee expenses can be lowered and more youngsters will be able to attend this worthwhile summer camp. Campbell PFers will pick the fruit and send it to the San Mateo group which has canning equipment available.

Anyone who knows of or wishes to offer available fruit that would otherwise go to waste is asked to notify Lorraine Wood, 321 W. Rincon Avenue, or phone Campbell 4281.

Four Campbell PFers attended the Cazadero camp from July 2 to 9. Those who enjoyed the program of religious classes, campfire gatherings, hikes, worship and fellowship were Gill Shaper, Lorraine Wood, Beverly Bridson and David Ribble.

CHRISTIAN SCIENCE LESSON - SERMON

"Life" is the subject of the Christian Science Lesson-Sermon for Sunday, July 1, with the Golden Text taken from John: "This is life eternal, that they might know thee the only true God, and Jesus Christ, whom thou hast sent" (17:3).

The following citations are among those included in the sermon:

The Bible: "In the way of righteousness is life; and in the pathway thereof there is no death" (Proverbs 12:28).

"Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The relinquishment of all faith in death and also of the fear of its sting would raise the standard of health and morals far beyond its present elevation and would enable us to hold the banner of Christianity aloft with unflinching faith in God, in Life eternal" (p. 426).

Gilroy Gymkhana To Feature Gaited Side Saddle Mount

The Gilroy Gymkhana, slated for next Sunday afternoon, has its share of rough tumbles, but it also features such stellar professional performers as Mrs. A. W. Pike, and Buddy Farren of Sacramento.

Mrs. Pike offers a flawless gaited side-saddle exhibition on her beautiful mount, Don Juan Jr. A well-known performer, she has presented her regal act at the biggest rodeos in the West, and is a pleasant diversion from the regular leather-slapping program.

Farren has brought horsetraining to a high degree of finesse, bordering on the almost-impossible. Kelly, whom he calls the "Arthur Murray of the horse world," will actually perform a walk, a dainty minuet, a tango, and a conga routine, in addition to several comedy skits. Then, Farren takes over with a clever display of trick-riding stunts.

Elmer Weymouth, secretary of the Gymkhana Association, today announced that contrary to printed directions on entry blanks, there will be no cowhorse and hackamore contests Sunday morning. All events calling for the working of horses will take place during the afternoon show.

The local field is novel in that it is free of dust and rocks being planted in turf, which the cowboys like, and, for the comfort of spectators, the grandstand is completely shaded by heavy canvas. Although ticket sales have topped records of previous years, there are still plenty of grandstand seats remaining for the 16th annual rodeo which will be preceded by a cowboy dance Saturday night.
